

1975

Stay trim and powerful in the danger zone. With Class I II III Division 1 certification, 117 blinding bright lumens, and a true penlight size and shape, the new Pelican™ 1975 penlight is the slimmest and brightest safety approved penlight.

Engineered with an aluminum core and ABS overmolded plastic, the Pelican™ 1975 penlight can survive tough work environments, yet is slim enough to snap into the available helmet mount or hold with your teeth. The Pelican™ 1975 penlight activates with a click of the tail switch or light pressure for momentary use.

The Pelican™ 1975 penlight: Make danger your pen pal.
