

**1008**

# IAQ Meter

*Delivering test and measurement advantages for HVAC/R professionals worldwide*

## Test the TPI advantage

### APPLICATIONS

- Check ambient CO<sub>2</sub> levels in work and living spaces
- Monitor results of control systems
- Measure Ambient air temperature

**Measure and display carbon dioxide (CO<sub>2</sub>) and temperature**

### FEATURES & BENEFITS

- Measure carbon dioxide (CO<sub>2</sub>) and temperature simultaneously
- Record and display min, max & average
- Log up to 50 readings in 1,2,3,5,10,20,30,40,50,60min intervals

### MEASUREMENTS

CO<sub>2</sub>

Temperature

### RANGES

0 to 5000ppm

-5 to 140°F (-20 to 60°C)
