Customs Tariff	8423.8100

Brief product information

Precise and handy Spring Balance with durable anodised aluminium tube and long scale of high resolution. Tare and zero adjustment. Tare screw with incremental rotation, to avoid inadvertent adjustment. Swivelable, rotatable and removable suspension bow, guided in a ring. Lower suspension swivels, rotates and can be easily changed using different accessories. A multifunctional long life measuring instrument for weighing and measuring traction forces. Always ready for use, needs no batteries. A time-tested original Swiss quality product.
