

33-396 Data/Voice Crimp Tool Kit

Compact multi-purpose modular plug crimping tool with built in cutter and jacket stripper designed to attach RJ-45 (8 position) and RJ-11/12 (6 position) connectors to CAT5e, CAT6 or voice grade cables. Includes connectors.

- Crimps industry standard CAT5e/6 RJ-45 (8P8C) and RJ-11/12 (6P6C/6P4C) modular plugs
- Precision ground contact dies evenly crimp standard plugs to industry specifications
- Lightweight tool is 2/3 the size of traditional crimping tools
- V style design provides a mechanical advantage that crimps connectors with less hand force
- Multi-function tool also cuts UTP/STP and strips CAT5e/6 round cable jackets
- Includes ten each of CAT5e RJ-45 (8P8C) and RJ-12 (6P6C) connectors
- No calibration required
- Can crimp most standard Shielded CAT5e/6 modular plugs
- Black oxide coated steel frame inhibits rust
- Dipped handle grip sleeve
- Locking button
- Spring loaded handle
