75' HIGH-FLEXIBILITY FISH TAPE

The Klein Tools 75' High Flex Polyester Fish Tape is the perfect wire pulling solution where flexibility meets strength. The polyester material provides a highly flexible and lightweight tape compared to steel while the triple strand design delivers increased durability and strength compared to fiberglass. The low friction case and optimized feed angle create a smooth payout and easy retraction. The bright orange strand woven into the triple strand improves visibility for easier locating of the tape.

TRIPLE STRAND POLYESTER IS:

4X MORE FLEXIBLE
THAN FIBERGLASS*

8X MORE FLEXIBLE
THAN STEEL*

*Compared to Klein fiberglass and steel models.

Bright orange strand
woven in provides
increased visibility
in low-light

Optimized feed angle
decreases
payout effort
and allows
for easier
rewind

Polypropylene case
and handle offer high
impact resistance

For Professionals
