

K-3800 DRUM MACHINE

Model K-3800

For ¾" to 4" (19-100 mm) Drain Lines

- A powerful, easy to transport, versatile machine for cleaning indoor drains. Requires minimal setup to clean sink lines, floor drains and roof vents.
- Rugged, corrosion-resistant molded cable drum won't dent or rust. The drum tilt adjusts for proper cable feed angle. Inner drum guards against cable flip-over inside the drum.
- Cable drum's quick-release and built-in hand-holds allow easy cable change and transport.
- Standard drum capacity is 100' of ¾" or 90' of ½" (30 m/10 mm or 27 m/12 mm) continuous length cable:
 - ¾" cable best for 1½" to 3" lines up to 100'.
 - ½" IC cable best for 2" to 4" lines up to 90'.
- Optional sink drum holds up to 50' of ⅝" or ¼" (15 m/8 mm) cable.
 - Ideal for cleaning through ¾" to 1½" sink traps.
- Powerful ½₂ HP universal motor spins cable at 240 RPM. When cable hits blockage, motor gears down automatically to deliver more power and enhance operator control.
- Tools connect to cable in seconds.
- Approved by CSA to CSA and UL Standards (115V only).
- IW (Integral Wound) cables available. IW cables are slightly stiffer and more kink resistant. All IW cables use ¾" T-200 series cutters.
- Includes RIDGID® leather drain cleaning gloves and operator's manual.
