

Spiral Steel Fish Tape, 50-Foot

Designed for flexibility and easy navigation through conduit runs, this spiral steel fish tape slides easily over existing wires and through multiple bends. The durable spiral steel tape construction yields a maximum pulling force of up to 500-pounds (227 kg). The polypropylene case and handle are extremely durable and offer the maximum in shock and impact resistance.

Specifications

Material:	Steel	Tape Size:	50' x 3/16" (15.2 m x 0.5 cm)
Diameter:	13" (33 cm)	Weight:	5.1 lb (2.3 kg)
