

GEARWRENCH®

SCREWDRIVER GUIDE

GEARWRENCH provides professional automotive techs and industrial mechanics a complete selection of screwdrivers to accomplish just about any job, available individually or in one of our many specially selected sets. From standard slotted and Phillips® styles to screwdrivers designed for highly specialized uses, GEARWRENCH has the latest in innovative, high quality products for demanding professionals.

Screwdrivers

GEARWRENCH screwdrivers deliver a perfect combination of quality materials, balanced ergonomic design, durability, and precision. Strong alloy steel shafts resist corrosion and feature black oxide tips for maximum torque transfer. Tri-lobe dual material handles are both comfortable and oil/solvent resistant, and many feature our exclusive GEARWRENCH "Speed Zone" design for faster turning.

- Some screwdrivers feature a hex bolster for better grip
- Meets or Exceeds ASME standards for performance
- Some screwdrivers available with extra long blade for improved access to recessed fasteners
