# LINESET CLEANER

The hilmor Lineset Cleaner uses a pressurized source to launch a foam pig into the line set to wipe the pipe clean of contaminants and remaining refrigerants.

### Picture-Perfect Cleaning
Simply connect the correct nozzle, chamber the corresponding pig size, connect to a regulated compressed nitrogen source, and pull the trigger for a perfectly clean lineset.

### Twice the Versatility
One tool that has the ability to effectively wipe contaminants and remaining oil from linesets ranging from 1/4" to 1-1/8".

### Premium Care
The rinseable/reusable foam cleaning pigs are specially formulated and manufactured to flow through normal lineset configurations and most deformations.
