

INDUSTRIAL LUBRICANT

M1[®]

M1 lubricant produces a micro-thin, airtight coating that dries instantly, offering immediate and long-lasting protection. Unlike competitive products, the dry M1-coated surface will not attract dirt, dust or other contaminants, resulting in extended product performance.

FEATURES

- Silicone free
- Stands up to extreme temperatures
- Penetrates quickly to free frozen nuts, bolts and metal parts
- Removes grease, tar and grime from metal parts and painted surfaces
- Cleans and polishes for lasting protection
- Includes rust inhibitor to protect metal against corrosion damage
- Light oil viscosity spreads into hard-to-reach areas, eliminating squeaks, displacing moisture and lubricating the surface to reduce friction.
- Gets under moisture to lift it away from the surface
- Prevents short circuits in high moisture environments

Cat. No.	EDP	Description
M-1.95173	95173	Case of 12 - 12 oz. Spray Cans
M-1.01	93221	Case of 4 - 1 Gal. (3.8 liter) Containers
M-1.05	93227	Pail - 5 Gal. (19 liters)
M-1.53	93233	Drum - 53 Gal. (200 liters)

M1[®] SPRAY BOTTLE

Choose the 16 oz. refillable M1 spray bottle along with bulk containers of M1 Oil to reduce cost and avoid the necessity of recycling empty spray cans. The adjustable nozzle allows full control of amount of M1 being applied. M1 spray bottles are clearly marked with content and safety information to maximize safety in your environment.

FEATURES

- Reusable, environmentally friendly alternative to single-use aerosol cans
- Refillable from bulk containers of M1
- Holds up to 16 fl. oz. of M1
- Adjustable spray nozzle
