

# RHT415 Hygro-Thermometer with Remote Probe

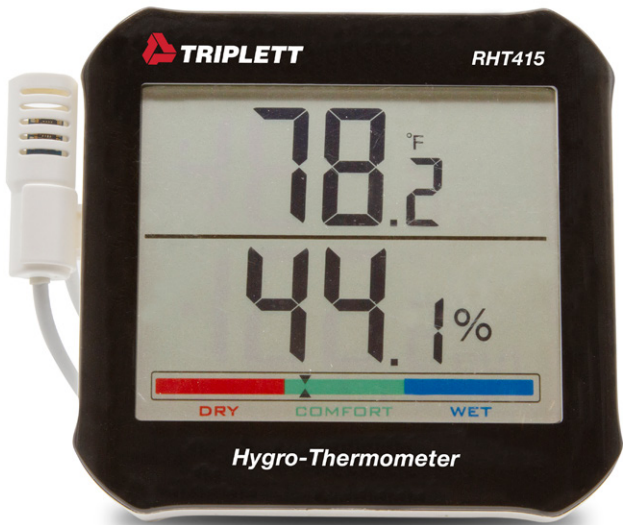

Simultaneously displays Air Temperature and Humidity with Comfort Level

### Features:

- Dual LCD display and bargraph
- Color-coded bargraph indicates Dry/Comfortable/Wet conditions
- °F/°C switchable
- Low battery indicator
- Desktop or wall-mount use
- Optional model complete with Certificate of Traceability to N.I.S.T.
- Includes built-in stand, remote sensor with 5ft (1.5m) cable and (2) AA batteries
- 1-year warranty

### Applications:

Hospitals, offices, building inspection, water restoration, greenhouses, warehouses, museums, libraries, offices, storage areas

### Specifications

|                        |                                   |
|------------------------|-----------------------------------|
| Air Temperature        | 14 to 140°F (-10 to 60°C)         |
| Accuracy               | ±1.8°F/1°C                        |
| Relative Humidity      | 0 to 99%RH                        |
| Accuracy               | ±4%RH                             |
| Comfort Level Bargraph | Dry (Red) <40%RH                  |
|                        | Comfortable (Green) 40 to 70%RH   |
|                        | Wet (Blue) >70%RH                 |
| Power                  | 2 AA Batteries                    |
| Dimensions             | 4.4 x 4 x 0.9" (112 x 102 x 23mm) |
| Weight                 | 8oz (227g)                        |

### Ordering Information:

RHT415            Hygro-Thermometer with Remote Probe  
RHT415-NIST   RHT415 with certificate of NIST traceability
