

FIBER TRAINER CONSUMABLE KITS

EDUCATION | KNOWLEDGE | SUCCESS

The Tempo Communications SPC01 Fiber Consumable Kit contains all items that are required to complete the learning components from the Fiber Trainer. The SPC01 kit contents include all fiber optic cables and connectors used to interface the Fiber Trainer to the test instruments such as the OTDR and loss testers, and for use in the fusion splicing exercises. Cleaning swabs, fluid and wipes are included to clean the fusion splicer and to prepare the fiber for fusion splicing. Replacement pigtails are included to replenish Reel 1 and Reel 2 that are used during fusion splicing exercises.

*One **SPC01** needs to be purchased with each Fiber Trainer.*

*The **SPC03** provides most of the consumable items that are frequently used for convenient reorder.*

*The **15M PTL** can be ordered to replace the fiber on Reel 1 and 2 when the original fiber is depleted.*
